House of Extravaganza

by Francis Natoli 41, Stromboli

Volcano Extravaganza, 2013, a summer season of art and design on the island of Stromboli, will opened on July 29th, at sunset. Conceived by the Fiorucci Art Trust and curated by artist Lucy McKenzie with Milovan Farronato, this year's edition will comprise an eclectic array of talks, film screenings, exhibitions, fashion, dance, music and performance art at the House of Extravaganza and other locations on the secluded volcanic island.

For Volcano Extravaganza 2013 Antonia Baehr will perform: Laugh, Laugh A Selection of Scores, and present her book and her LP, both named: RIRE / LAUGH / LACHEN.

"I like to laugh. I laugh often. Often I am seen laughing."

Laugh is a piece about laughing as laughing. For the length of the piece Antonia Baehr explores this expression as a sovereign entity, in separation from causal baggage; jokes, tickles, narrative, humor, joy, looking at the thing itself: the sound and shape, the music, choreography and drama, the rhythm and the gesture of laughter. Comedy is not her goal, but contamination is an unavoidable by-product That sometimes contagiously trades sides of the "fourth wall".

Nicholas Bussmann will present the Italian video premiere of His New Movie in Etüde bürgerlichen Gefühlen and the performance I like Marina Abramovic & Marina Abramovic likes me.

"With terms like: sweet, blue, tearful, with zärtlicher Hingabe ... European composers since the 18th century Their notations enriched the performer to give an idea of the attitude Should be played with the music. These vocabulary of emotion evoking words in various European language form a new body in society, best described in German: Bildungsbürger. The video, in a Sonata form, is a very personal collection and reflection on a tradition of emotion. "

I like Marina Abramovic & Marina Abramovic likes me is "only for 2 performers, 3 chosen ones and jealous audience." The performance will feature the participation of Antonia Baehr, Lucy McKenzie & Lucile Desamory.

Antonia Baehr is a choreographer and filmmaker. What characterizes her is a non-disciplinary work and a method of collaboration with different people, using a game-structure with switching roles: each person is alternately director / author / performer and host / guest for the other one. Since 2000 she is based in Berlin. In 2013 the Beursschouwburg in Brussels curated a three-month That program included performances, films and an exhibition: "make up - at Antonia Baehr and Werner Hirsch's table." This focus program featured works by artists who Have Been collaborating with Hirsch and Baehr and switching in various roles for many years, as well as a wide selection of works by Baehr and Hirsch themselves.

She recently premiered "Abecedarium Bestiarium" at the Kunstenfestivaldesarts.
